

## Environmental Policy Statement

Capital Reinforcing Ltd is an environmentally conscious Company and as such we acknowledge the potential environmental impact that our operations may have on the environment. Our activities include: the cutting and bending of reinforcing bar to BS8666.

Top Management endorses this policy and ensures it is compatible with the context and strategic direction of the Company. Top management in co-ordination with Environmental Management Representative are accountable for the effectiveness of the Environmental Management System (EMS) and are responsible for ensuring that it is communicated, understood, implemented and maintained at all levels within the Company and ultimately, that it achieves its intended outcomes.

Top management promotes and is committed to continual improvement of the EMS to enhance environmental performance. This is facilitated through the setting of documented environmental objectives based on our significant environmental aspects, compliance obligations and consideration to risks and opportunities. Action plans have been set to achieve objectives and are maintained as part of the EMS internal auditing, monitoring and management review processes. The results of which are communicated to interested parties, where appropriate.

Top Management is committed to ensuring that the Company:

- Complies with all compliance obligations, where these relate to our environmental aspects
- Provides employees and others with resources needed for the EMS, including support, direction and encouragement to fulfil the requirements, commensurate with their role.
- Maintains our accreditation to the environmental management standard ISO 14001:2015
- Strives to integrate the EMS into all business processes
- Protects the environment, prevents pollution and meets other specific relevant commitment(s).
- Minimise waste to landfill by reducing our waste generation and by segregating and recycling waste where economically and operationally feasible.
- Co-ordinates business transport so as to reduce consumption.
- Uses energy, water, materials and other natural resources as efficiently as possible, giving particular regard to the long term sustainability of consumable items.
- Ensures that the environment is considered in the procurement of goods and services
- Gives appropriate consideration for the environment in the goods and services we provide to customers.
- Works with local businesses, neighbours, partners or suppliers to encourage commitment and improvement in our local environment.
- Supports other relevant management roles to demonstrate leadership as it applies to their areas of responsibility.

This Policy will be communicated to all employees and organisations working for or on our behalf. Employees and other organisations are expected to co-operate and assist in the implementation of this policy, whilst ensuring that their own work, so far as is reasonably practicable, is carried out without risk to themselves, others or the environment.

This policy will be reviewed annually by top management and where deemed necessary will be amended and re-issued.

This policy is made available to relevant interested parties, upon reasonable request, or alternatively can be downloaded at [www.crsteel.net](http://www.crsteel.net)
