

Health and Safety Policy Statement

Capital Reinforcing Ltd recognises that one of its most important functions is the prevention of accidents and ill health. The Company does not wish any employee or member of the public to suffer as a result of our activities or work practices. The Company believes in acting ethically and responsibly and is committed to promoting a positive health and safety culture throughout the organisation. We recognise the benefits of a fit, enthusiastic, competent and committed workforce. To this end the Managing Director intends to comply with all safety legislation and codes of practice as provided for in the Health and Safety at Work Act (1974).

All employees will be provided with such equipment, information, training and supervision as is necessary to implement the policy and achieve the stated objectives below. The Company recognises and accept its duty to protect the health and safety of all visitors to their company, as well as any members of the public who might be affected by our operations.

Whilst the management of the Company will do all that is reasonably practicable to ensure the health and safety of its employees, it is recognised that Health and Safety is the responsibility of every individual associated with the company. The co-operation on the part of all employees is vital to the success of this policy.

The Company will commit to undertake risk assessments, provide health surveillance, monitor and review accordingly and ensure that arrangements for emergency procedures are put into place as per legislation stated within the Management of Health and Safety at Work Regulations (1999). The Company shall also manage its Health and Safety Management System in line with ISO45001 and maintain third party accreditation from UK CARES.

In pursuance of elimination and reduction of OH&S risk, the fulfilment of all compliance obligations, and achievement of OH&S aims, objectives and targets, the Company shall endeavour to:

- Provide Safe access to and egress from the workplace.
